## 2º Open Call de DIGITbrain - Búsqueda de expertos externos para evaluar propuestas

18/04/2022

Convocatorias

- **Fecha:** 1 de mayo 2022
- **Info:** web DIGITbrain
- Convocatoria

The European project DIGITbrain is looking for Independent Experts with experience in advanced ICT technologies to evaluate proposals submitted in its second call for experiments.

Experts should be experienced evaluators with expertise and knowledge in digital twins and industrial products for the manufacturing sector.

In addition, they should have knowledge of some of the relevant technologies involved in the project, such as Edge/Cloud computing, HPC and AI-based tools. The activity will be remunerated.

If you are interested, apply until the **1st May, 2022!**
