Watch this recorded webinar of our Winter Expert Session tackling Horizon Europe, the next research and innovation.

Do you know the changes for R&I planned for 2021-2027? Will the Pillars in Horizon Europe stay the same as in Horizon 2020? What are the new R&I missions? Are there any changes in the proposal templates and evaluation principles? Why is innovation important for the next funding programme?

These and more questions are covered during this one-hour recorded webinar on Horizon Europe. The expert Liliya Levandovska has summarized the key elements and novelties covering the strategic R&I orientations, proposal preparation, and project management with an outlook for the future funding period.
