

H2020 SC5 Advisory Group Report

22/07/2016

Actividades

The **DG Research and Innovation** has recently published a **report** from the **Societal Challenge 5 Advisory Group** (AG). In accordance with the mandate of the **AG**, this report aims to identify **future strategic research and innovation** (R&I) priorities for the **Horizon 2020 Societal Challenge 5** on 'Climate Action, Environment, Resource Efficiency and Raw Materials' for the programming period of **2018 - 2020**.

The **priorities** devised are based on the **results** of the **AG discussions** and comments provided by the AG members on different subjects addressed, and draft **reviews** by the **AG working subgroups** taking into account **insights** from the **Gap Analysis** conducted for **SC5** by the **European Commission**.

Download the **report** [here](#).
