

## H2020. ICT-LEIT. La Comisión Europea busca evaluadores para la convocatoria 2016 de la PPP 5G

11/03/2016

### Actividades

**Subject: Recruitment** of new **experts** for **Horizon 2020 evaluations and reviews** (diversity and renewal), in particular in the field of **5G**.

The **Commission** is enforcing more actively a policy that **aims** at having a higher rate of **renewal** of **experts** and a higher percentage of female experts in evaluations and reviews. The new **H2020** evaluation **rules** require a regular **renewal** of experts **every year** (>25%) and particularly encourages **applications** from **female** experts to ensure a better **gender balance** in the various **evaluation panels** (>40%).

In the context of the **evaluations** of **Horizon 2020** proposal to take place in **January 2017**, we are looking for new **evaluators** to evaluate proposals submitted under the **ICT-07-2017**, **ICT-08-2017**, and **ICT-09-2017 topics**.

Please **see** the **Work Programme** for a description of the **topics**:

- ICT-07-2017 (5G PPP Research and Validation of critical technologies and systems) on page 21
- ICT-08-2017 (5G PPP Convergent Technologies) on page 27
- ICT-09-2017 (Networking research beyond 5G) on page 29

The new **experts** should meet the following **requirements**:

- Having good expertise to assess the research and innovation addressed by ICT-07-2017, ICT-08-2017, and ICT-09-2017 topics. (Please note that ICT-07-2017 would also

need experts in the '5G vertical' fields' (e.g. automotive, eHealth, video/TV broadcast, and energy management). And experts in 'Innovation' are needed for all the 3 topics.

- Not being involved in the preparation of any proposal that is going to be submitted for ICT-07-2017, ICT-08-2017, and ICT-09-2017.
- Not having been contracted as an H2020 (Horizon 2020) evaluator in 2015 and 2014, or as an FP7 (Framework Programme 7th) evaluator in 2013.
- Be available from 21/11/2016 to 16/12/2016 to perform remote evaluation of proposals at their home place or office.
- Be available from 16-20/01/2017 and/or 23-27/01/2017 to attend evaluation meetings in Brussels.

**Interested experts** should immediately register their **CV and profile** in the European Commission Research&Innovation **Participants Portal**.

**Deadline: 18 March 2016.**
