

H2020 ICT-LEIT. Jornada de Información para la 2ª convocatoria de la PPP 5G

08/03/2016

Actividades

Organised by: European Commission (**DG CONNECT**) and The **5G-Infrastructure Association**

Hosted by: The **University of Bologna**

Date: 17th March, 2016

Address: Univ. Di Bologna. **Laboratorio delle Arti**, Auditorium room. Via Azzo Gardino 65/a. Bologna, Italy.

The **Purpose** of this work shop is to share the context of the **5G-PPP** call 2 with all interested parties. It is important highlight the ambition of the 5G-PPP is that each successive phase of the PPP should make **iterative progress** based on the achievements of the preceding phase(s). Therefore it is important that potential proposers and participants for phase 2 are aware of **phase 1 work** and the context in which phase 2 will start. The **workshop** also allows that organisations may present project or technological ideas and seek potential collaborators.
